

IFAF ANIMAL WORDSEARCH

by Andrew Wayland.

This week I have another challenge... perhaps for younger members of the family...
How many animals or creatures can you find in the word maze below?
ps... there are 40 plus.

Coming soon...

- The first in a series of funny IFAF cartoons.
- More archery trivia... jokes, quizzes etc...
- We will have the third special report featuring an IFAF club.
- Later this year, I aim to start an IFAF archer profile slot selecting a different archer each time. In these interview style features, the highlighted archer will tell of their high points from their archery careers to date, share their favourite moment or moments, their other interests, some funny stories perhaps, also maybe share advice, and divulge to us their future aims, etc etc... Should be interesting...
